JANE DEE HULL, GOVERNOR

DATE: August 16, 1995  
SUBJECT: Information Update #17

1. This is a notification to all the environmental laboratories who participate in the USEPA-WS proficiency studies that the due date for WS036 has been extended to September 18, 1995. The original date was August 21, 1995. During a phone conversation with Natalie Murff of USEPA, she confirmed that the original date has been extended to the above date. This is because of the delay in sending out replacement vials to the laboratories.
2. If you have any questions regarding the Updates, please call Prabha Acharya, Program Manager, Technical Resources and Training, at the above numbers.
